

Mission, Vision and Values - The Sunday Boys

Mission

We bring together a community of members, artists and supporters to perform music with purpose.

Vision

Our vision is a space where any LGBTQ+ person or ally can celebrate and create music with meaning - as a member, artist or supporter. Together we'll create a bold new canon of queer choral work, putting queer stories front and centre: challenging perceptions, raising questions, and celebrating the lived LGBTQ+ experience in the 21st century. A repertoire forged in Greater Manchester, yet with an international reach.

Values

1. INCLUSIVE

We are an open-access choir and welcome anyone and everyone who wants to sing in the tenor-to-bass range.

2. AMBITIOUS

We are bold. We strive for quality and innovation, challenging our members, artists and supporters.

3. NURTURING

We foster a supportive community for our members and collaborators, enabling them to be the best they can be.

4. COLLABORATIVE

We seek partnerships with individuals and organisations to support our mission. We invite different perspectives and experiences to shape the work we do.

5. TOGETHER

We use music to bring people together. We celebrate what we can achieve collectively for our community.
